Denver, CO 80202-1129

Subject: *Fourth Five-Year Review Report for the Rocky Flats Site, Jefferson County, Colorado*, June 2017 for U.S. Environmental Protection Agency (EPA)  
Concurrence

Reference: Rocky Flats Legacy Management Agreement (RFLMA), Part 5, Regulatory Approach, Part 11, Periodic Review and Attachment 2, Legacy Management Requirements

Dear Ms. Moritz:

Enclosed for your concurrence is the *Fourth Five-Year Review Report for the Rocky Flats Site, Jefferson County, Colorado*. This Five-Year Review is mandated by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and was conducted in accordance with the EPA *Comprehensive Five-Year Review Guidance*. The review was conducted collaboratively by the U.S. Department of Energy (DOE), Office of Legacy Management, the Colorado Department of Public Health and Environment (CDPHE), and the EPA.

Based on this Five-Year Review, the remedy is functioning as intended and the exposure assumptions, toxicity data, cleanup levels, and remedial action objectives are valid. No other information has come to light that calls into question the protectiveness of the remedy. This Five-Year Review concludes that the Rocky Flats Site remedy remains protective of human health and the environment. Upon receipt of the EPA concurrence letter, the letter and report will be placed in the Rocky Flats Site Administrative Record and will be posted to the DOE public website. DOE will provide public notification of completion of the Five-Year Review and availability of the report.

The statutory completion date for this Five-Year Review report is August 3, 2017.
